The Aromas Grange will have an AED & CPR class on March 8th from 2:00 -3:30 p.m. Everyone in our community is encouraged to attend. We received the AED because of Zack Tomasini's Eagle Scout project. The automated external defibrillator (AED) automatically diagnoses life threatening cardiac arrhythmias and allows the heart to reestablish effective heart rhythms and is very simple to use. Bring your friends & neighbors. Hopefully you'll never have to use it, but it's nice to know we have it and know how to use it.
