## Grange Members Only....

At the Aromas Grange breakfasts we are going to begin offering for sale, local grown or processed food.

Wayne's Fine Swine meats will be available for purchase at the May 31 breakfast.

According to Monterey County Health Dept. Supervisor, Susan Rimando, we are able to sell to Grange members only and not to the general public.

In the future, we will be adding other local vendors, (eggs, cheese, etc.) but goods will only be sold to Grange members, so you must show your Aromas Grange membership card in order to purchase goods.

It is also being discussed about raising the cost of the Grange breakfast for non-members.
